

# Can I come on campus?

Please do not visit campus if you are sick, had \*\*close contact, travelled out of country, have a current positive COVID test or have otherwise been told by AHS to isolate. Use this flow chart to determine when it will be safe for you to return to campus.

\*\*Close contact is defined as a person who lives with, provides care or has close personal contact with a person confirmed as having COVID-19, or who comes into direct contact with infectious body fluids, or who comes within 2 metres for more than 15 minutes, or who comes into close contact with a person who is sick and was in close contact with a confirmed case.

\*\*\*Isolation NOT required: If you don't have a core symptom of COVID-19, you are not bound by any mandatory isolation requirement. Your AHS self-assessment may advise you that testing is recommended, however, it's not mandatory. Instead, AHS will tell you to stay home and minimize contact with others until your symptoms are gone.

**RETURN TO CAMPUS**
