

APPRENTICE & JOURNEYPERSON WELDER

Job description

CARE Industries is a Canadian owned and operated company committed to achieving industry leadership through the design and manufacturing of superior Drilling, Well Servicing, Commercial, Structural, and Agricultural equipment and products including but not limited to: Complete Drilling Rig Packages, Service Rig Packages, Concrete Batch Plants, Structural Steel Building Fabrication and Erection, and much more. Throughout the past 20 years, CARE Industries has expanded its product line that will offer a wide variety of challenges as well as sustainability that is not reliant on one industry alone. Over these 20 years we have found success in both National and International markets.

We are currently looking for reliable and self-motivated **Apprentice or Journeyperson Welders/Fabricators** to join our team and become apart of our growing history.

Essential Job Functions:

- Structural welding, fabrication, and assembly of a variety of products from Drilling Packages to Concrete Batch plants
- Perform welding processes: Stick, SMAW, GMAW (Metal/Flux Core, Mig)
- Operation and use of fabrication equipment including hand tools, shears, brakes, drill press, grinders, saws, etc.
- Manufacture equipment from layouts, blueprints and/or work orders
- Clean and inspect all work before it leaves welding shop

Desired Knowledge, Skills, Abilities:

- Knowledge and operational experience of basic hand tools and other shop equipment
- Basic layout skills
- Organizational skills with a strong attention to detail
- Demonstrates a strong willingness to learn
- Ability to work within a team environment
- Ability to take direction and work efficiently in a fast-paced work environment
- Must hold a valid class 5 Driver's License

Education and Experience:

- Registered Alberta Apprentice or out of province experience/training/certification is an asset.

Job Types: Full-time, Permanent, Apprenticeship
